

## **Terry & Maureen Rawkins 2008**

Not much to say about us, 2008 was Rebecca, James & Caleb's year.

I am still very occupied with the garden here but I think that I can see an end in sight.

I help with the local Cubs and School. Although I gave up the school this term.

Maureen has been doing more pottery in a local class, this time for a proper certificate, wow.

We still swim twice a week but indoors only, well, but for two swims in the sea during our two day summer, and I did so want to be a beach bum!

A few trips to Rebecca in Bracknell before June involved a some DIY jobs getting the baby's room ready.

The big day 18 June. Parking at Wexham was not what I had expected, nothing! So we parked in a new housing projects sales lot. Soon to be six months old Caleb is such a good baby and all are going on well.

The last weekend in November the family celebrated Maureen's birthday in Jackie's Petersfield house, good to see nearly all the family.
